# Candle Pitstop

## Identity Design

Candle Pit Stop is a unique candle company in Malaysia that sells candle in the form of small beads. Offered in various scents, they encourage the buyer to mix them to produce new scent and named it to their liking. We design their visual identities (including their logo) and some of their marketing collaterals. The inspiration is coming from retro automotive looks (50s–60s), as the name also suggest. We also did the illustration for their mascot and the instructions on how to use the product. The client loves the mascot and decided to use it for the uniform.

- Service provided** • Logo design • Printed collateral design  
• Mascot design • Icon design • Label design

## Private, Luxury Holiday Villas in Bali

Nina Bali Villas are the Bali villa specialists. Our consultants have travelled all over Bali to inspect and hand select the best private holiday villa rentals available for visitors.

We have a range of accommodation options for everyone, including family friendly options such as pool fencing in many of our villas.

The majority of our villas are in Seminyak, which is always popular with Australians and other nationalities seeking a relaxing holiday that is still accessible to all of Bali's main attractions. We also have villas in other locations such as Canggu.

If you have any queries at all, please feel free to [contact us](#).

## TESTIMONIALS

“ We want to thank you so much for everything you did for us in bringing our wedding last weekend to fruition. The suppliers and contractors whom you recommended performed perfectly and

## What our client's said

“ We have been working together with Lumonata since 5 years, they are an amazing team! They have re-designed our website and made sure that our SEO and SEM are well looked after. Reliable, always there every time we get confused with anything to do with web marketing or social media, Wahya & Co. are just very professional and fun... I would highly recommend working with them, they are the best!

“ A massive thank you to Wahya, Agus and all the team at Lumonata for completing our new website. We are all extremely happy with the new website and also the whole process of dealing with Lumonata from start to finish has been a pleasure. The advise from Wahya has been first class with clear constant communication and an extremely fast response time to fixing bugs and problems. We have received several compliments on the new site from our clients and we now have a website that we are extremely proud of. I will look forward to working with Wahya and the team with all of our future projects.

“ When setting up our new company, Merah Putih decided to use Lumonata web services based purely on how they presented their own business online. As a restaurant that takes pride in constantly innovating, changing and updating, our high traffic website is constantly in need of attention, detail and nearly always at the last minute. We have now been working together for 3 years, and are not only completely satisfied with what they do for us, but are also more than happy to recommend them as one of our trusted partners.

**Jasper Manifold**

Merah Putih Restoran

“ Lumonata is great. I have known Purwa for 4 years and when it was time to set up an identity package and a simple yet effective website for a new biz, they were the first and only call. Excellent design and Purwa and Wahya listened to my comments and ideas throughout the process (in english too)...so I got the quality product that I wanted. I am marketing to both Asia and N America/Europe so getting the details right was very important and they did. Thanks Lumonata.
